**Competition Change -- Hot Shot**

The coaches discussed the point system for the Hot Shot. It was suggested that the 5-point shot, now at the top of the key 6 inches outside the 3-point line, be changed. They would like any 3 point shot be worth 5 points. If the player steps on the line it is worth 0 points, the same as if they do not touch the "spot".

Club Players – One coach expressed concern about high school players playing on Club team. What is the ruling on that?
