West Virginia
Scranton
Delaware
Governor Baxter

Seeding: Four teams will be seeded when possible.
If less than seven teams participate, then at least two teams will be seeded.

Seeds shall be 1-4 in the top bracket while 2-3 will be in the bottom bracket.

Seeding for the next tournament should be completed at the tournament being played.

If there is a question between two teams for the fourth seed, then the two teams shall open against each other.

If a team gains or loses an impact player before December 15 which affects the equity of the seeding, the chairperson and host school should be notified as soon as possible. The chairperson is responsible for collecting the opinions of the coaches and making a decision (majority rules) in regards to change of seeding.
