

Three Point Shooter

Coaches will designate their two 3-point shooter representatives. (this can be done prior to the tournament by having team shoot-offs, or the coach can simply name their shooters)

Pairings for teams shooting will be determined by drawing names from a hat. A coin flip will determine choice of baskets.

Each shooter will be given a 30 second warm up period.

Each shooter will be given 90 seconds (1 and 1/2 minutes) to complete 3 shots each from 5 stations beyond the 3 point mark. (see representation below) For a total of 15 shots.

Each basket made counts as 1 point for a possible 15 total points.

Both Shooters count towards the team total.

Championship: The 2 top teams will have 1 person shoot-off for the championship. (This is also the tie-breaker method if needed)

A team trophy will be presented to the individual champion.
