

# Girls' ESDAA Tournament Team Free Throw Competition

Each Team gets to shoot 50 free throws (this was reduced from 100 at the 1995 Coaches' meeting). Every girl will first get one practice shot, then, each girl will shoot two free throws until the total of 50 shots are taken. It does not matter how many players are on the Team because the Team just continues shooting until the 50 shots are taken. The Team can help each other with rebounding and getting the ball back to the shooter. Each basket will count as one point. The Team with the most shots in is the winner. In case of a tie, 10 more shots will be taken by the tied Teams.

The Team set up is shown below.
